

Shredder/Wood Chipper

Marketed by

With this MAAX Shredder you can turn your organic waste into high quality compost for agriculture and gardening. The speed of vegetation growth in the tropics makes the wood chipper an essential item in any efficient gardening or agricultural work. Instead of burning your waste you can convert it into beneficial nurturing material for composting, and then return it to your soil.

Extremely useful for effortless chipping of branches, coconut husk, bushes and shrubs up to 2-8 inch diameter, for faster conversion into compost fertilizer. Recycling leaves for composting is far better than burning.

Model : MSP-650
Model : MSE-500

Technical Specifications:

Chipping Capacity : 3"(76mm)
Blade Speed : 2400rpm/min
Engine Type : OHV 4-stroke
Starting System : Recoil
Displacement : 196cc
Max. Output : 6.5HP/3600rpm B&S
Vanguard Engine
Engine Speed : 3600rpm
Fuel Volume : 3.6L
Oil Volume : 0.6L
Fuel Type : Unleaded Gasoline
Chipping Knives : 2 pieces
Shredding blades : 20 pieces

***Also Available in Electric Model (5Hp-III Phase)**
